Unlock the next step in your career

Our range of short courses, certificates, diplomas, & career-ready pathway programs, ensure that you step into The Career Academy with your dream job in mind, and step out with your dream job in sight.

You'll leap into a world of opportunities with an industry accredited certification from The Career Academy. Each of our courses is specifically tailored for anyone who wants to take their career to the next step. Whether you're someone who simply wants to improve your understanding of basic industry practices, an employee chasing a promotion or simply someone with a logbook of experience but no formal qualifications on paper. The Career Academy is an ICB accredited training provider who's here to help you make that next professional leap.

What is a course at The Career Academy?

It's an opportunity to unlock new doors in your career. Each of our unique courses will steer you in the right direction and help take you a step closer to your dream job. The Career Academy offers a range of industry accredited certifications.

The best part is that each of our courses allow you to work at your own pace, however we recommend that you complete at least one module a week, so your skills stay relevant and up-to-date. Our experienced tutoring team are always on hand to help steer you in the right direction.

Recognition of Prior Learning

Turn your experience into a certification!

We offer a FREE Recognition of Prior Learning (RPL) assessment to all current students at The Career Academy to ensure you're being recognised for your skills and experience!

If you have prior experience that matches the learning content in our certificates, you can apply to have this assessed in place of completing the modules. Alternatively, if you have started or completed a course elsewhere, this can be applied if it matches the material taught in the course modules.

In order to receive course credit, you will need to supply a copy of your CV to demonstrate your knowledge and skills when you apply. This could include things like on-site work experience and volunteer activities.

This means that no matter your level of experience, you'll be taking a step forward with The Career Academy. We won't waste your time or money, making you learn anything you've already mastered, our only goal is to fasttrack your career and set you up for success.

What our students say?

I have really enjoyed learning with the Career Academy & have acquired skills which will help me with my career in accounting & administration. The tutors were so helpful, whenever I did not understand the lessons, they were quick to respond which was really encouraging.

The Career Academy is awesome to learn with. I have completed short courses, a certificate and a diploma with them and have found them absolutely awesome. The [Certificate in Accounting] is easy to work through and the tutors are very helpful and always on hand if you get stuck and need assistance. With their help I am now a qualified Accounting Technician, and have gone from unemployed to owning my own business and working part time heading toward my CA. Thank you Career Academy.

I found this course absolutely fantastic to get an understanding of what skills and knowledge was needed for admin type jobs from the basics of microsoft office all the way through to payroll and understanding how to use Xero. The assessments and learning modules were all set out in an easy to read and understand way and the support from the tutors was amazing. Very quick to answer any questions and help with parts I didn't understand. The course fit in perfectly around my two young children and I am looking forward to studying even more through the Career Academy!

Although this learning style may not suit everyone, I enjoyed it and felt free to explore each topic. I didn't require tutor help during, but any communication I have had with The Career Academy has been great! The people I talked to on the phone were lovely and provided the information I needed quickly and easily. Clearly they know what they're doing, which is great! It made me feel like I had back up.
