The Career Academy is an AAT Approved Training Centre

Who We Are...

Leap into a world of opportunities with a globally recognised, industry accredited certification from The Career Academy.

Our vision is to provide our students with an outstanding online learning experience that will empower them to embrace new opportunities and advance their career. Whether you want to improve your understanding of basic industry practices, get that promotion, or need a formal qualification to support your logbook of experience, our range of courses are specifically tailored for anyone who wants to take their career to the next level. The Career Academy allows you to learn entirely online, in your own time, and at your own pace. Whatever your life commitments, from full-time work to full time childcare, our courses allow unlimited flexibility in how you want to learn.

The Career Academy is Internationally Approved and Registered with the International Approval and Registration Centre. Many of our accounting courses are accredited by ICOES, the International Association of Accounting Professionals and the Association of Accounting Technicians (AAT).

You'll step into your course with your dream job in mind, and step out with your dream job in sight.

94% of our graduates say that studying with The Career Academy has given them valuable skills to use in the workforce

96% of our graduates say that The Career Academy provided them with up-to-date and industry relevant skills

AAT Qualifications

The Career Academy has created a series of online courses so anyone can update their skills and gain an AAT Qualification.

AAT Global is the world's leading professional accountancy body for accounting technicians with over 140,000 members. AAT qualifications give students practical skills to work in a range of accounting and bookkeeping roles. People with AAT qualifications go on to work at all levels and in all sectors of the economy and have the opportunity to gain professional recognition of their skills and expertise. The Career Academy's AAT approved courses will give you the guarantee that you're receiving an accredited qualification which is not only internationally recognised but also highly sought after by employers.

- Learn the essential skills that employers look for when hiring
- Gain an industry ready qualification
- Our Career Centre will help you find a role after graduating

"AAT are really happy to partner with The Career Academy to help students become qualified Bookkeepers. AAT have reviewed the course content and support The Career Academy because they offer quality, interactive online courses to help students gain employment as a Bookkeeper or set up their own bookkeeping business. We look forward to welcoming you as a member of AAT once you graduate."

What Our Students Say

Our customers say

Excellent

9.3 out of 10 based on 1,111 reviews

 Trustpilot

I already was a fan of Xero but now, with the additional information I've gained already through this course from The Career Academy, my Xero experience has been widened and the little tips and tricks are amazing.

-Christine

Really great course in Bookkeeping basics, ideal for a beginner like me. The material was well set out, easy to understand and sufficiently detailed to give me the sense that I was getting all the information I needed to consider looking for work as a bookkeeper. The tutor comments were by and large most helpful.

-Lindsay

I'm doing my second course with The Career Academy and I wouldn't choose any other institution if I go for third one. Easy to follow, very well structured lessons, giving you a great knowledge and understanding of the subjects. Have to mention tutorial, which is also great. Feedback is provided in less than a week for submitted assignments, with valuable comments.

- Hajni

I chose The Career Academy because it has the courses that I need to up skill and to secure employment. The information is set out well and the tutors are brilliant. I will be doing more study later on this year and are looking forward to learning more skills with The Career Academy.

-Graeme

A woman with brown hair, wearing a light green top, is smiling broadly and looking down at something in her hands. The background is a blurred indoor setting with a grey sofa.
